cari will have the honor of being the home of the only fibre factory in the United States that makes fibre from green bear grass. The inventor of the machine, Mr. Haas, will have full charge of the factory and its stockholders are expecting big things to result. When the present machines prove their value other machines will be made and the factory enlarged.

The News is in receipt of a letter from J. M. Allen of Endee, in which he states the farmers out there have received their "Federal Loan Bank checks through the Endee National Farm Loan Association." There are numerous other associations over the county and this will be good news to those that have not yet received their portion of the 5 per cent money.

Messrs. Chambers and Lerke were here from south of Hanley Wednesday on business. They report a splendid growth of grass since the rains out there. Mr. Lerke's son was brought in to have his left eye treated. He had same injured by being struck in it by a piece of bear grass with which he was working. The doctor fears the boy will lose his sight in that eye.

It would do the citizens of Tucumcari and Quay county, perhaps, good to see the beautiful court house yard. Sheriff Street had the yard in fine condition just before the big rain and had it sown to grass. It came up fine and now it has been cut twice. Mr. Street uses his boarders to keep the grass cut and it affords them a healthful pastime. Take a few minutes off while in town and see the beauty spot of Tucumcari.

In a letter to the News G. C. Culbertson, well known here, writing from Battelle, Ala., says "I am at the above place temporarily with the Tata Iron and Steel Company, consulting engineers, dismantling a large blast furnace for export to the village of Sakchi India. I am not yet free of rheumatism but am able to do my present job all right if I continue as I am. I hope to return to New Mexico soon as I get loose here."

Rhea DeOliviera and wife have returned home from Fort Sumner where Rhea had a position in the bank. He was called into service in that county and was not exempted by the local board of DeBaca county. He is arranging his business affairs so as to be ready to go when called. At the beginning of the war he asked to go and was refused on account of being married, but it seems they overlooked this fact at Fort Sumner. He will be ready when the call comes and will make an ideal soldier too if they decide to take him.

### FEEDING THE MULTITUDE

It can be done—amply—so the subject at the morning worship at the Christian church will be, "Feeding the Multitude." The outlook for the work is a very hopeful one. We are growing in numbers, attendance and interest, and urge all of our members and friends of the cause of Christian union to line up for a great drive for Christ and righteousness. Be sure to attend Bible school next Lord's Day. We must capture that next trench and a few more will do it. I'll do my part—will you? No evening worship as the pastor is to be absent, but we want all of our singers to meet at the church with Miss Gardner to plan for the winter's music and if circumstances justify, to organize a choir.

Norris J. Reasoner, Minister.
